WELCOME

A wedding day that feels like you

Choosing a DJ is about more than music. You're choosing someone who will be by your side and make sure everything unfolds just as you imagined, so you can relax and enjoy the day with the people closest to you.

I'm Boštjan Knehtl, better known as DJ Lexy Dee. I treat every wedding as if it were the only one of the season, because for you, it's a once-in-a-lifetime day.

As your DJ and host, I take care of the music, keep the programme flowing and set the atmosphere. I can also host in several languages, so every guest feels included.

MORE THAN A DJ

What I bring

01	Peace of mind from the very start	I help you plan the music, the timeline and the key moments, all gathered in your wedding plan.
02	A day that flows effortlessly	I work closely with your planner, the venue and other suppliers. No planner? I can take on part of the coordination.
03	Music and atmosphere for every guest	A wide-ranging mix that brings different tastes and generations together, adapted in real time to the dance floor.
04	Moments to remember	Low fog, cold sparks, live music, a photo booth and other extras of your choice.
05	Equipment and a team tailored to your wedding	Sound, microphones and lighting, plus a team of trusted professionals for more complex weddings.

Music, equipment and atmosphere, all in one place:
one contact, one quote.

CHAPTER 01

Meet DJ Lexy Dee

My experience comes from clubs, private parties, corporate events and weddings. Playing for such varied crowds taught me how to bring different tastes and generations together and how to sense what each moment needs.

I work in Slovenia and abroad, with couples from all over the world.

On your wedding day, I bring together three key roles:

Music	I tailor the music to you and to every part of the day. During the party, I read the dance floor and adjust the selection as I go.
Hosting	As your host, I guide guests through the programme and leave room for speeches and surprises.
Equipment	I usually take care of the sound, wireless microphones and lighting myself.

WHAT COUPLES SAY ABOUT ME

Someone
you can trust

"Not only was he incredible throughout the evening, but he was calm, confident, kind, and just exuded the right vibes."

ADOREE & GEORGE · WEDDING 2024

"You were so much more than just our DJ – you helped create the atmosphere and the energy that made the evening truly unforgettable."

REBEKA & ALEXANDRE · WEDDING 2026

"We still stay in touch, and I'm very grateful for him."

DANLIN & RICHARD · WEDDING 2023

Your peace of mind, my priority

THE PERSON BEHIND THE MUSIC

By your side

from the first call to the last song

Before the ceremony, the groom was so nervous he could barely stand still. A few calm words at the right moment, and he stepped out in front of the guests completely at ease. Moments like these never show up in photos, but they are what make my work more than music.

For me, a wedding is a success when you stop thinking about how the day is going and simply enjoy it, because you know everything is taken care of.

"David was quite nervous before the ceremony, but you knew exactly what to say to make him feel reassured."

FROM DANA & DAVID'S THANK-YOU NOTE · 2026

One point of contact
A team when you need one

Some weddings call for more: several venues, more guests or a celebration abroad. That's when I bring in a team of trusted professionals, ready for even the most ambitious weddings.

We tailor the team and equipment to your wishes, the venue and the flow of the day, from live performances to elaborate lighting designs.

Throughout it all, I remain your main point of contact for music and production.

Musicians

saxophone, violin, guitar and bands

Sound engineers

sound for the ceremony, speeches and performances

Lighting crew

lighting for the venue and dance floor

Technical crew

setup across multiple locations

CHAPTER 02 · PEACE OF MIND FROM THE START

It all begins with a conversation

I'm by your side from our very first chat. Your first ideas are all we need to begin, and with my experience, I'll help you shape them into a day that's truly yours. Good preparation means everyone knows their part, so you can relax and simply enjoy the celebration.

01

Getting to know you

We talk about your wishes, your taste in music and the songs that mean something to you.

02

Advice

I advise on music, help shape the timeline and go through every key moment with you.

03

Your wedding plan

All your wishes and the flow of the day in one place, so there's nothing to keep in your head.

04

Coordination

I work with your wedding planner, the venue staff and other suppliers. If you don't have a planner, I can take on part of the coordination.

"He worked seamlessly with our wedding planner to ensure everything ran smoothly and coordinated with our videographer to capture all the important moments."

BETHANY & ZAKHAR · WEDDING 2026

I didn’t have a wedding planner to help with the preparations or run the programme on the day, so being able to rely on him meant all the more to me.”

EVA & MIHA · WEDDING 2026

Together through your wedding day

From the first guests arriving to the last dance, the mood of the day keeps changing. I make sure everything happens at the right moment, while the music, hosting and sound follow along and tie the day together.

01	02	03	04	05	06	07
Guest arrival	Ceremony	Drinks reception	Dinner and speeches	First dance	Wedding cake	Evening party

MULTILINGUAL HOSTING

Slovenian · English
German · Croatian

If you like, I can host the whole day in several languages, from welcoming guests and inviting them to the ceremony to announcing dinner, dances, speeches and the cake. That way, every guest understands what's happening and feels part of it.

MOMENT 01 / 07 ↗

Guest arrival

a warm welcome

Your guests are welcomed with carefully chosen background music, perfect for greetings and first conversations. I adapt the selection and volume to the venue and the feel of your celebration.

MOMENT 02 / 07 ↗

Ceremony

room for your emotions

Music marks your entrance, your vows and the end of the ceremony. With my sound system and wireless microphones, every guest will hear your words. You can also add live music, and musicians are welcome to use my sound system and microphones.

MOMENT 03 / 07 ↗

Drinks reception

a relaxed cocktail hour

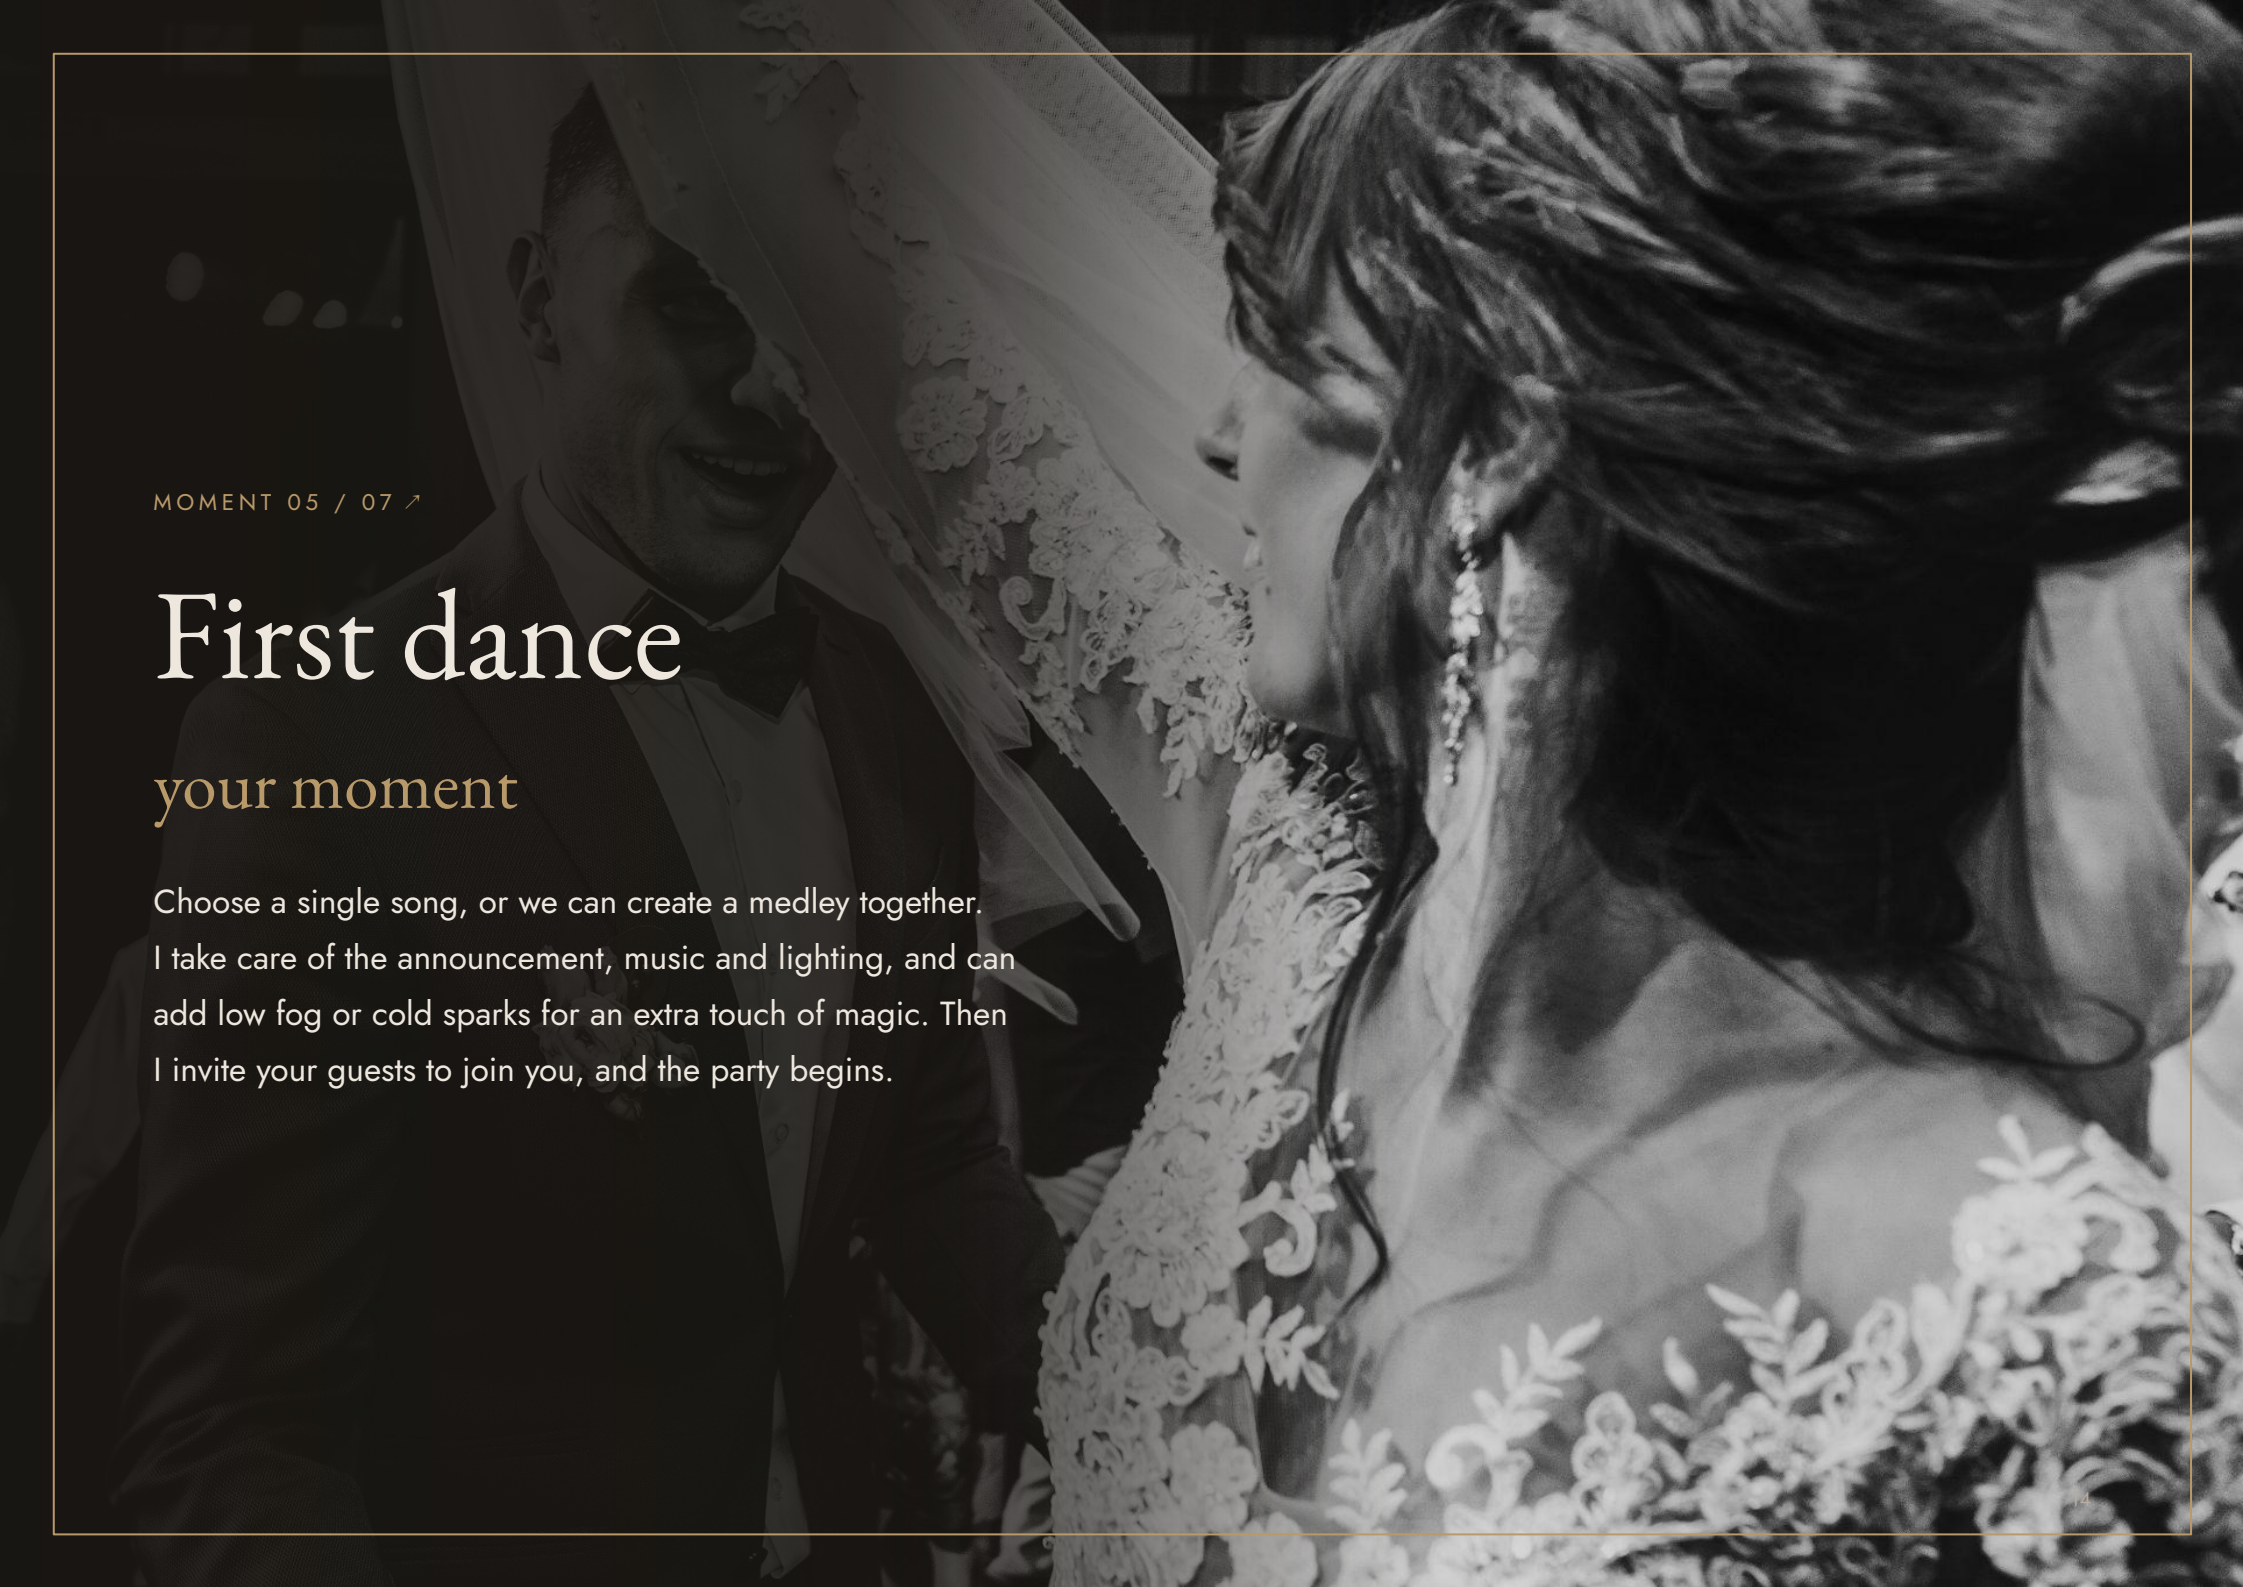
Congratulations, photos and a glass of bubbly. The music sets a light, easy mood while staying soft enough for conversation. A live musician can add a special touch here too.

MOMENT 04 / 07 ↗

Dinner and speeches

the right tone for the evening

Just as a good wine complements dinner, so does the right music. For speeches and surprises, I handle the microphones and announcements, and let the music step back so your loved ones' words can shine.



MOMENT 05 / 07 ↗

First dance

your moment

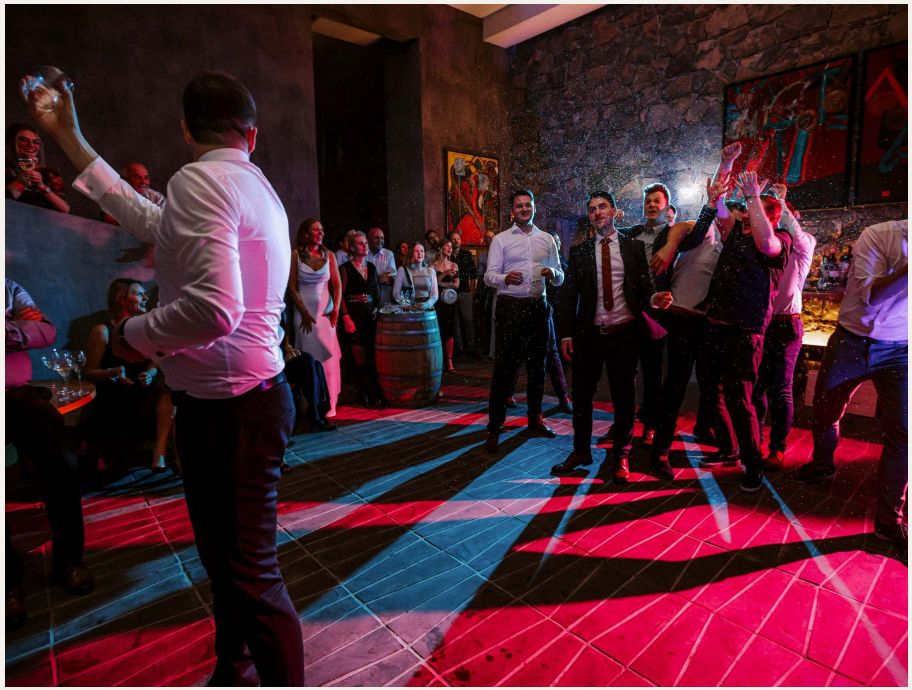
Choose a single song, or we can create a medley together. I take care of the announcement, music and lighting, and can add low fog or cold sparks for an extra touch of magic. Then I invite your guests to join you, and the party begins.

MOMENT 06 / 07 ↗

Wedding cake

a moment that brings everyone together

With music, an announcement and lighting, I turn all eyes to you. I plan the timing with the venue team in advance, so everything is ready at just the right moment.



MOMENT 07 / 07 ↗

Evening party

your rhythm, a full dance floor

I balance your musical wishes with how your guests respond, moving between genres and bringing generations together. All night long, I read the room and keep adjusting, so the dance floor stays full until the very end.

"He read the energy of the room and kept the dance floor going from the moment the party started to the very last song."

ANJA & MARK · WEDDING 2025

Special moments, made for you

A violin at the ceremony, a beautifully lit dinner or a saxophone on the dance floor. Together, we choose what completes your story.

Some I provide myself, the rest with trusted partners.

01 Live music

Saxophone, violin, congas, electric guitar, vocals or a band.

02 Lighting

Ambient lighting for dinner, lights for the dance floor.

03 Visual effects

Low fog, cold sparks, haze, sparklers and LED glow sticks.

04 Photo booth

Classic or 360°, for spontaneous guest memories.

05 Screens

Screens or an LED wall for photos, videos and messages.

06 Multiple venues

Equipment and a team for more complex events.

OPTION 01 / 06 ↗

Live music

extra energy and emotion

Musicians can accompany the ceremony or dinner, or join my DJ set at the party. I help you choose performers and fit their programme into the flow of the day, and I'm also happy to work with musicians you've chosen yourselves.

OPTION 02 / 06 ↗

Lighting

a space in your colours

Ambient lighting highlights the venue and décor and sets the mood for dinner. For the party, I create dance floor lighting that follows the music, and for more elaborate setups we bring in a lighting technician.

OPTION 03 / 06 ↗

Visual effects

magic at the right moment

Low fog and cold sparks highlight the first dance or the arrival of the cake, sparklers light up shared moments with your guests, while haze and LED glow sticks liven up the party. We sync the effects with the music and lighting, and tailor the selection to the space and the venue's rules.

"For us, our entrance with the cold sparkles is easily our favourite memory – we felt total euphoria and the atmosphere you created was a huge part of that."

ELLIE & MATT · WEDDING 2026

OPTION 04 / 06 ↗

Photo booth

fun and memories for your guests

A classic or 360° photo booth is the place for spontaneous, fun shots with friends and family. We plan its setup and timing around the flow of the day.

"He advised us to set up the photo booth right in the hall, so the party stayed together in one place the whole time."

MEGI & MOHOR · WEDDING 2025

OPTION 05 / 06 ↗

Screens and LED walls

a stage for your memories

On screens or a large LED wall, we show your photos, videos, personal messages or surprises prepared by your loved ones. We agree the content and timing in advance.

OPTION 06 / 06 ↗

Multiple venues
More possibilities

If your wedding spans several venues or involves several performers, we plan the sound, lighting and performer support together, so there are as few moves and breaks as possible between parts of the day.

Ceremony in the garden, drinks on the terrace, dinner in the hall: each space has its own equipment, set up in good time, so guests move on without waiting.

"He took care of the sound and lighting at different locations throughout the day [...]. Even though it was a hot day, he never ran out of energy or good spirits."

NINA & MARKO · WEDDING 2025

CHAPTER 05

In the couples' words

Couples who trusted me with their wedding day say it best.

Advice during planning

"We clicked with Boštjan right from our two initial online calls. He also gave us great advice on some important moments we were still undecided about while planning."

TEJA & UROŠ · WEDDING 2026

Music made to measure

"The music was phenomenal and he adapted 100% to our musical taste and wishes. He got practically every guest onto the dance floor, and we stayed until the early hours. Many guests also praised the playlist, and the atmosphere all evening was fantastic."

MAJA & ŽIGA · WEDDING 2026

Atmosphere all day long

"We also liked how he used our Spotify playlists as inspiration without simply playing through them. From bossa nova during dinner, to our special dances on the terrace, and finally the after-party, each part had its own vibe."

DUYGU & PAT · WEDDING 2026

CHAPTER 05

In the couples' words

Personal commitment

"You were incredibly friendly, relaxed, funny and always helpful from the very start, even with things that had nothing to do with the music. You could simply tell that our day mattered to you just as much as it did to us."

JENNY & VID · WEDDING 2026

Hosting in three languages

"We were especially impressed that you could host the day in three different languages. It meant so much to us, because all our international guests felt welcome and included at every moment."

ALINA & ALJOSCHA · WEDDING 2026

CHAPTER 06

Let’s start your story

Now you know me and how we can work together. To start, simply tell me:

01 what music you love,

02 which moments you would like to highlight,

03 which options caught your eye.

We can also arrange a meeting in person or by video call to go through the options and agree on what’s right for you.

I prepare the quote in two parts: the core service tailored to your day, and the optional extras you choose yourselves.

I look forward to hearing from you and creating a celebration that feels truly yours.
